CLADDING

Piranha composite cladding offers homeowners and designers a contemporary way to style their outside living space. Our Shadow Gap cladding provides a modern, sleek, 'slatted' look with a natural woodgrain finish, whilst our Premium Cladding presents a traditional style, woodgrain effect cladding.

Both Piranha Cladding ranges are available in a choice of three modern colours and boast the below benefits:

- Fully capped surfaces for additional protection and enhanced performance.
- Increased protection against fading and weathering, providing the boards with an extra long life.
- Range of matching composite trims and fixings available.
- Concealed fixing system.
- A 25-year warranty.

Premium Black Carbon

SHADOW GAP CLADDING

Piranha Shadow Gap Cladding is fully capped and offers an aesthetically attractive and modern alternative to traditional timber cladding. Providing an on-trend, sleek 'slatted' look, the Shadow Gap Cladding is available in a choice of three colours and comes with a range of accessories that are designed to give those vital finishing touches.

Dimensions:

Cladding Board: 3600 x 170 (150 Fitted) x 26mm
